

## HALL DETAILS

*Dimensions:* 21 metres x 12 metres x 5 metres

*Construction:* Steel frame, brick and colourbond

*Accoustics:* The internal walls above brick height are lined with accoustic colourbond and insulated.

*Floor:* The floor is parquetry which is oiled at intervals and the surface will gradually attain a smoother finish with use

*Facilities:* There is a large storeroom for sports equipment and a well equipped kitchen

*Safety:* The internal glass and light fittings are 6mm safety glass

*Heating:* Gas fired infra-red heaters

*Equipment:* Thanks to the generosity of Mr Frank Sieben the hall already has basketball goals. We are grateful to Mr Russell Martin who has put together an excellent public address system at a great saving to the school. In the next few months we will install portable netball, volleyball and tennis nets.

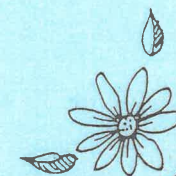

*Builders:* Bullus and Peake

*Supervision:* S.A. Department of Housing and Construction  
Project Manager Mr R Barunyi

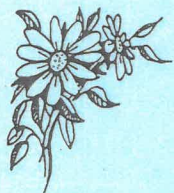

OPENING OF SCHOOL HALL

October 28th, 1993

### BACKGROUND

For seven years our school community has been working towards the building of a hall to serve the needs of our children in their daily learning program and for community use after hours.

Today we celebrate the culmination of all that work - the meetings, the negotiations and, above all, the fundraising activities. Parents, children and staff have worked together to raise thousands of dollars to pay our contribution towards the cost. We acknowledge also the contribution of the South Australian Government which is providing the majority of the money required.

Generations of children in the future will enjoy the use of the hall making all the work worthwhile.

Because of the importance of the hall to the children of McLaren Vale, our senior students will host today's function.

### OPENING CEREMONY

- |                     |   |                                                                                         |
